- 

## EDUCATION

University of Arkansas at Little Rock

Major: Web Design and Development (IT Minor)

Estimated Graduation: 2026

GPA: 3.7

---

## EXPERIENCE & PROJECTS

### Portfolio Website

Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my web development projects. Focused on creating a user-friendly, responsive design with clear navigation and intuitive layout.

### Logo Design Project

Designed a custom logo for a local nonprofit organization, incorporating the organization's values and mission into a simple yet impactful design. Used Adobe Illustrator to create multiple iterations, collaborating with the client to finalize a design that best represented their identity. The project helped hone skills in brand identity creation, design principles, and client communication.

### Document Design Project

Designed a series of documents for a nonprofit organization, including brochures and informational PDFs, to effectively communicate their mission and services. Focused on creating a clean, professional layout with user-friendly typography and imagery, ensuring the documents were visually appealing and easy to read. This project strengthened my skills in Adobe InDesign and other design tools, as well as my ability to communicate ideas clearly through design.
